Transportation Committee

The LWVBA Transportation Committee is anticipating a busy fall season. We will be monitoring regional transportation agencies and planning organization, including at the individual county levels, all of whom are developing long-range plans to cope with decreased transportation funds and the increasing urgency of limiting carbon emissions from transportation.

We have a committed, hard-working group with a good record of accomplishment in the past year. We are now in need of help, however, from League members from all around the Bay to meet the challenges of this year -- to help ensure that the critical transportation plans now being developed will meet League criteria for providing cost-effective services, offering fairness to all, and above all, meeting goals for reducing the effects of climate change. This is extremely interesting work, and we hope many of you will join us.

Our next meeting will be November 9, at noon, in the Berkeley, Albany, Emeryville League office at 1414 University Avenue in Berkeley (above Andronico's). For more information, call me at 510-527-7727, or send an e-mail to mbhawley@earthlink.net. We hope to see you soon.

Coming of Age Workshop

In the coming years, more than 70 million people will be retiring from full-time work and seeking meaningful ways to connect and contribute in their communities.

Is your organization ready to harness this powerful force?

Several League leaders have attended a two-day training which provides tools to help organizations do more with less. They got ideas on how to

- * Craft compelling opportunities-volunteer or paid
- * Publicize & market those opportunities & recruit skilled candidates
- * Get the best from an intergenerational workforce
- * Revitalize a volunteer program and create a doable, outcomes-driven action plan.

This training is available in San Francisco on November 3 and 10, 8:30 a.m. to 4:00 p.m. both days.
